Jayboi Services

1. MC/DOT Authority Setup

Service Fee: \$900.00 + FMCSA Fees (\$300 filing fee)

Timeline: 7-21 business days

Objective: Register new motor carrier authority with FMCSA

Filing Portal: https://li-public.fmcsa.dot.gov/LIVIEW/pkg_uis_landing.prc_login

Required Documentation from Customer

- ☐ Legal business name and structure (LLC, Corp, Sole Prop)
- ☐ EIN (Employer Identification Number) - 9 digits
- ☐ Business physical address (cannot be P.O. Box)
- ☐ Mailing address (can be P.O. Box)
- ☐ Phone number and email
- ☐ Type of operation (Interstate/Intrastate)
- ☐ Cargo classification (general freight, household goods, etc.)
- ☐ Officers/owners information (names, titles, DOB)
- ☐ Credit/debit card for FMCSA filing fee (\$300)
- ☐ Banking information for future payment processing

Step-by-Step Process

Phase 1: Initial Setup (Day 1-2)

1. Create customer folder in filing system:

- Format: [Customer Name] – MC/DOT Setup – [Date]
- Example: ABC Trucking LLC – MC/DOT Setup – 2026-01-10
- Create subfolders: Applications, Correspondence, Insurance, Completed

2. Send welcome email with document checklist

- Use email template from Templates folder
- Attach document checklist PDF
- Set expected timeline: 7-21 business days
- Include your direct contact information

3. Schedule intake call (30-45 minutes)

- Book on calendar with Zoom/phone link
- Prepare interview questions document
- Plan to gather all required information
- Record notes during call

4. Verify EIN with IRS database

- Visit: <https://www.irs.gov/businesses/small-businesses-self-employed/employer-id-numbers>
- Confirm EIN matches legal business name exactly
- Verify EIN is 9 digits in format: XX-XXXXXXX

- Save screenshot of verification

5. Confirm business entity registration

- Check Secretary of State website for customer's state
- Verify: Business name, formation date, status (active), registered agent
- Example for Florida: <https://dos.myflorida.com/sunbiz/>
- Save copy of business entity record
- Ensure name on FMCSA application matches EXACTLY to state filing

Phase 2: Application Preparation (Day 2-3)

WHERE TO FILE: https://li-public.fmcsa.dot.gov/LIVIEW/pkg_uis_landing.prc_login

1. Access FMCSA Unified Registration System

- Navigate to: https://li-public.fmcsa.dot.gov/LIVIEW/pkg_uis_landing.prc_login
- Click "Register" (first-time users)
- Create company account:
 - Enter EIN
 - Create username (company email recommended)
 - Create strong password (8+ characters, uppercase, lowercase, number, symbol)
 - Enter security questions and answers
- Verify email address (check customer's inbox for verification link)
- Log in to account

2. Complete FMCSA Registration (Form MCS-150)

Section 1: General Information

- Legal business name (must match state registration EXACTLY)
- Doing Business As (DBA) name if applicable
- Physical address (no P.O. boxes)
- Mailing address
- Primary phone and fax (if applicable)
- Email address
- Select entity type: Corporation, LLC, Partnership, Sole Proprietorship
- Enter state of formation and formation date

Section 2: Operation Classification

- Select "For-Hire" or "Private" carrier
- For Interstate operations: Check "Interstate" box

- For Intrastate only: Check applicable state
- Most carriers select: "Interstate" for authority to cross state lines

Section 3: Cargo Classification Select all applicable (most common):

- General Freight (most carriers)
- Motor Vehicles
- Household Goods (requires additional authority)
- Refrigerated Food
- Logs/Poles/Beams/Lumber
- Building Materials
- Mobile Homes
- Machinery (Large Objects)
- Fresh Produce
- Liquids/Gases
- Intermodal Containers
- Passengers (requires passenger authority)
- Grain/Feed/Hay
- Coal/Coke
- Meat
- Garbage/Refuse
- US Mail
- Chemicals
- Commodities Dry Bulk
- Beverages
- Paper Products
- Utilities
- Farm Supplies
- Construction
- Water Well
- HAZMAT (requires hazmat endorsement, additional fees)

Section 4: Hazmat Endorsement (if applicable)

- If transporting hazmat, check box
- Select hazmat safety permit requirement (if applicable)
- Additional \$300 fee for hazmat authority

Section 5: Company Officials

- List all owners/partners/corporate officers:
 - Full legal name
 - Title (President, Vice President, Secretary, Treasurer, Member, Partner)
 - Date of birth
 - Address
- Must list at least one principal

Section 6: Power Units and Drivers

- Enter total number of power units (trucks)
- Enter total number of drivers
- Enter estimated annual mileage
- These can be estimates; update later on biennial MCS-150 update

3. Prepare Operating Authority Application (OP-1)

Within same FMCSA portal:

- Select "Apply for Motor Carrier Operating Authority"
- Choose authority type:
 - Common Authority (most carriers) - haul for general public
 - Contract Authority - haul for specific shippers under contract
 - Broker Authority - if also operating as broker (\$300 additional)
 - Freight Forwarder Authority (\$300 additional)

Enter operation details:

- Confirm cargo types from MCS-150
- Verify radius of operation (local, regional, long-haul)
- For interstate: Select all states where you'll operate

Insurance Requirements:

- General Freight: \$750,000 minimum
- Passengers (1-15): \$1,500,000
- Passengers (16+): \$5,000,000
- Hazmat: \$5,000,000
- Oil/Hazardous Substances: \$1,000,000-\$5,000,000

4. Prepare BOC-3 Process Agent Designation

What it is: Designation of agents for service of process in all states

Option A: Use process agent service (\$50-\$100/year)

- Examples: LegalRegisteredAgent.com, ProcessAgentNow.com
- They provide agents in all 50 states
- File BOC-3 form electronically via FMCSA portal

Option B: Self-designate (not recommended)

- Must designate individual agent in each state
- Requires physical address in each state

Filing BOC-3:

- Within FMCSA portal, select "BOC-3"
- Enter process agent service information
- Upload completed BOC-3 form (provided by process agent service)
- No additional FMCSA fee for BOC-3

5. Prepare Unified Carrier Registration (UCR) if applicable

- See Section 4 for detailed UCR filing steps
- File UCR simultaneously with MC/DOT or immediately after
- Required for interstate operations

Phase 3: Submission (Day 3-4)**1. Review all forms** with customer

- Schedule review call or screen share
- Go through each field to verify accuracy
- Common errors to check:
 - Business name spelling
 - EIN format and accuracy
 - Address format (no abbreviations for USPS)
 - Phone number format
 - Cargo classifications (did we select all needed?)
- Have customer confirm all information is correct

2. Obtain customer signature on required documents

- If using DocuSign or electronic signature:
 - Send via email
 - Set urgent/72-hour deadline
 - Include instructions

- If using manual signature:
 - Email PDF for customer to print, sign, scan
 - Accept photo from phone if quality is good
- Documents requiring signature:
 - FMCSA application (digital signature in portal)
 - BOC-3 designation (if not digital)
 - Insurance authorization forms

3. Process FMCSA filing fee payment

- **Payment portal:** Within FMCSA online registration system
- **Fee breakdown:**
 - \$300 for motor carrier authority (MC#)
 - \$300 for DOT number (usually included)
 - \$300 for hazmat endorsement (if applicable)
 - \$300 for broker authority (if applicable)
- **Payment methods accepted:**
 - Credit card (Visa, MasterCard, Discover, AmEx)
 - Debit card
 - ACH/Electronic check (some portals)
- **Process payment:**
 - Enter payment information in portal
 - Verify billing address matches card on file
 - Click "Submit Payment"
 - Wait for confirmation screen
- **Save receipt:**
 - Print to PDF or screenshot
 - Save in customer folder: Payment Receipts
 - Note confirmation number

4. Submit application through FMCSA portal

- **Final review:**
 - Check every field one last time
 - Verify attachments uploaded (insurance forms, etc.)
- **Submit:**
 - Click "Submit Application" button
 - DO NOT close browser until confirmation appears
- **Confirmation:**
 - You'll receive a confirmation number (write this down immediately)
 - Application status will show "Pending"
 - USDOT number assigned immediately (write this down)

- MC number assigned but not “active” until insurance filed
- **Email confirmation:**
 - Check customer's email for FMCSA confirmation
 - Save copy of confirmation email
 - Note: May take 24-48 hours for email confirmation

5. **Save confirmation** number and submission receipt

- Document in customer file:
 - Confirmation number: _____
 - USDOT number: _____
 - Pending MC number: _____
 - Date/time submitted: _____
 - Submitted by: _____
- Create tracking entry in master spreadsheet

6. **Upload all documents** to customer folder

- Organize in subfolders:
 - Applications/MCS-150.pdf
 - Applications/OP-1.pdf
 - Applications/BOC-3.pdf
 - Payment_Receipts/FMCSA_Payment_[date].pdf
 - Correspondence/Submission_Confirmation_[date].pdf
- Update file tracking system to “Pending Insurance”

Phase 4: Insurance & Bonding (Day 4-7)

1. **Confirm insurance requirements** (detailed by cargo type):

- **General Freight:** \$750,000 minimum liability
- **Certain Commodities (oil, hazardous substances):** \$1,000,000
- **Hazmat (quantities requiring placards):** \$5,000,000
- **Passengers (1-15):** \$1,500,000
- **Passengers (16+):** \$5,000,000
- **Note:** Physical damage insurance (not required by DOT but recommended)

2. **Connect customer with insurance broker**

- Provide list of commercial truck insurance brokers
- Recommended: Brokers familiar with FMCSA requirements
- Customer must obtain:
 - Commercial auto liability policy
 - General liability policy

- Cargo insurance (optional but recommended)
- Physical damage coverage (optional)

3. Ensure insurance provider files **BMC-91** or **BMC-91X** electronically

What it is: Form insurance company files with FMCSA to guarantee coverage

Two types:

- **Form BMC-91:** Surety bond (less common)
- **Form BMC-91X:** Insurance policy endorsement (most common)

Filing process (done by insurance company):

- Insurance company files directly with FMCSA electronically
- Must include:
 - Carrier's USDOT number
 - Carrier's pending MC number
 - Policy number
 - Coverage amounts
 - Effective date
- FMCSA system confirms receipt (usually within 24 hours)

Your responsibilities:

- Confirm insurance broker WILL file BMC-91X with FMCSA
- Obtain copy of insurance certificate from broker
- Verify certificate shows:
 - USDOT number
 - MC number
 - Coverage amounts meeting minimum requirements
 - Named insured matches exactly to FMCSA application
- Upload certificate to customer folder: Insurance/Certificate_[date].pdf

4. Monitor for insurance filing confirmation from FMCSA

How to monitor:

- **Method 1:** Check FMCSA SAFER system (see Phase 5)
 - Look for "Insurance on File" status
 - Will show: Insurance carrier name, policy number, coverage amount, effective date

- **Method 2:** Log in to FMCSA online portal
 - Check application status
 - Look for insurance filing confirmation
 - Download confirmation if available
- **Method 3:** Call FMCSA at 1-800-832-5660
 - Provide USDOT number
 - Ask: "Has insurance been filed for this carrier?"

Timeline:

- Insurance company typically files within 1-3 business days
- FMCSA processes within 24 hours of filing
- If not filed after 5 days, contact insurance broker

5. Arrange bond or trust (**BMC-84/BMC-85**) if needed

When required:

- Freight brokers: \$75,000 bond (BMC-84 or BMC-85)
- Freight forwarders: \$75,000 bond
- Motor carriers: Generally NOT required (use insurance instead)

If needed:

- Contact surety bond provider (insurance broker can arrange)
- Forms:
 - **BMC-84:** Surety bond (most common)
 - **BMC-85:** Trust fund agreement
- Cost: Typically \$1,500-\$3,000 annually for \$75,000 bond
- Bond company files directly with FMCSA

Phase 5: Monitoring & Activation (Day 7-21)

1. Check FMCSA SAFER system daily for status updates

How to access SAFER:

- Navigate to: <https://safer.fmcsa.dot.gov>
- Click "Company Snapshot"
- Enter USDOT number or MC number
- Review status indicators:

Status indicators to monitor:

- **Entity Type:** Should show "Carrier"
- **Operating Status:** Watch for change from "Not Authorized" to "Authorized For Property"
- **Out of Service:** Must show "No"
- **Insurance on File:** Must show insurance carrier name and coverage amount
- **Insurance Required:** Shows minimum required
- **Latest Update:** Check date to see if anything changed

Daily monitoring routine:

- Set calendar reminder: Check SAFER at 9:00 AM daily
- Document in customer notes: "Checked SAFER [date] - Status: [status]"
- Look for changes in:
 - Operating Status
 - Insurance status
 - Any deficiency notices

2. Monitor email for FMCSA correspondence

- Check customer's email inbox daily
- Look for emails from: @dot.gov
- Common subject lines:
 - "FMCSA Application Status Update"
 - "Insurance Filed"
 - "Deficiency Letter"
 - "Operating Authority Granted"
- Save all emails to customer folder: Correspondence/
- Forward to yourself for tracking

3. Address any deficiency letters immediately (same day)

Common deficiencies:

- **Insurance issue:** Coverage amount insufficient, wrong policy type
 - Call insurance broker immediately
 - Request corrected BMC-91X filing
 - Deadline: Usually 30 days to correct
- **Application error:** Incorrect information, missing field
 - Log in to FMCSA portal
 - Select "Amend Application"
 - Correct error and resubmit

- No additional fee if within 30 days
- **BOC-3 missing or incomplete:**
 - Verify process agent service filed BOC-3
 - Re-file if necessary

Response protocol:

- Read deficiency letter carefully
- Identify exact issue
- Develop action plan (same day)
- Contact customer to explain
- Take corrective action within 24-48 hours
- Document response in customer file
- Follow up to confirm deficiency cleared

4. Once authority granted:

When this happens:

- SAFER system shows "Authorized For Property"
- Operating Status changes from "Not Authorized" to "Authorized"
- Usually 7-21 days after insurance filed
- FMCSA sends confirmation email

Your action steps:

A. Download and save operating authority letter

- Log in to FMCSA portal
- Navigate to "Documents"
- Download "Operating Authority Grant Letter" PDF
- Save to customer folder: Completed/Authority_Grant_Letter_[date].pdf
- Print copy for customer packet

B. Create SAFER System snapshot

- Visit <https://safer.fmcsa.dot.gov>
- Enter USDOT number
- Print to PDF: "Company Snapshot"
- Shows active authority and insurance
- Save to customer folder: Completed/SAFER_Snapshot_[date].pdf

C. Prepare customer congratulations packet:

- Cover letter congratulating them
- Operating Authority Grant Letter
- SAFER Snapshot showing active status
- MC number documentation (your MC #is: MC-XXXXXX)
- DOT number documentation (your DOT # is: XXXXXX)
- Insurance certificate copy
- Instructions for:
 - Displaying DOT number on trucks (2" letters, both sides, contrasting color)
 - Keeping documents in vehicles
 - Next steps: UCR, 2290, IFTA/IRP
- Checklist of ongoing compliance requirements

D. Send packet to customer

- Email PDF packet immediately
- Mail physical packet via USPS
- Call customer to celebrate and explain
- Verify they understand what to do next

E. Provide MC# and DOT# in usable formats

- Email format:

Congratulations! Your operating authority is ACTIVE.

Your MC Number: MC-123456

Your DOT Number: 1234567

These numbers must be displayed on both sides of your commercial vehicles in letters at least 2 inches tall in a contrasting color.

- Provide files:
 - Printable door decal template (PDF)
 - Text file with numbers for decal companies

5. Update internal tracking system to "COMPLETE"

- Master spreadsheet: Change status from "Pending" to "Complete"
- Add completion date
- Add MC number and DOT number to record

- Set follow-up reminder for 30 days post-activation
- Move customer file to Completed/2026/ABC_Trucking_LLC/
- Create note for future reference

File Tracking

- **Folder Structure:** Customers/Jayboi Services/MC-DOT/[Year]/[Customer Name]
- **Documents to Maintain:**
 - Initial application forms (MCS-150, OP-1)
 - BOC-3 designation
 - Insurance certificates
 - Authority grant letter
 - Payment receipts
 - Email correspondence log

Customer Satisfaction Checkpoints

-  Respond to customer within 4 hours
 -  Provide weekly status updates
 -  Explain each step in plain language
 -  Set realistic timeline expectations
 -  Follow up 30 days post-activation for additional needs
-

2. Driver Qualification File (DQF)

Service Fee: \$223.00/year (Jayboi Services) or \$40/month Non-CDL, \$100/month Bundle (Jayboi)

Timeline: 3-5 business days for initial setup

Objective: Maintain FMCSA-compliant driver files

Required Documentation from Customer

- ☐ Driver's full legal name, DOB, SSN
- ☐ Driver's license copy (front and back)
- ☐ 3-year driving record (MVR)
- ☐ Previous employment verification (3 years)
- ☐ Road test certificate OR previous driver certificate
- ☐ Medical examiner's certificate (DOT physical)
- ☐ Drug test results (pre-employment)

- ☐ Annual review of driving record

Step-by-Step Process

Phase 1: New Driver File Creation (Day 1)

1. Create digital driver folder: [Driver Name] – DQF – [Hire Date]
2. Send driver information packet via email
3. Provide driver with required forms:
 - Employment application (§391.21)
 - Inquiry to previous employers (§391.23)
 - Driver certification (§391.31)
 - Medical certification (§391.43)

Phase 2: Document Collection (Day 1-3)

1. Employment Application

- Review for completeness
- Verify 10-year employment history
- Check for gaps in employment
- Flag any accidents or violations

2. Motor Vehicle Record (MVR)

- Order MVR from driver's state of licensure
- Review for disqualifying violations
- Check for suspended/revoked licenses
- Document all traffic violations

3. Previous Employer Verification

- Send §391.23 inquiry letters to all employers (last 3 years)
- Allow 30 days for response
- Document non-responses and follow up
- Review for alcohol/drug violations, accidents, or terminations

4. Road Test or Certificate

- If new to CMV: Schedule road test with qualified examiner
- If experienced: Obtain certificate from previous employer
- File completed road test certificate

Phase 3: Medical & Drug Testing (Day 2-4)

1. DOT Physical Examination

- Verify medical examiner is FMCSA-certified

- Check National Registry of Certified Medical Examiners
- Ensure certificate is current (max 2 years)
- Upload copy to driver file

2. Pre-Employment Drug Test

- Schedule test with certified collection site
- Verify 5-panel DOT drug screen
- Await negative result before driver operates CMV
- File results in DQF

Phase 4: Annual Maintenance

1. Set calendar reminders for:
 - Annual MVR review (every 12 months)
 - Medical certificate expiration
 - Annual driver certification review
2. Update file with:
 - New violations or accidents
 - Annual inquiry to driving record
 - Updated medical certificates
3. Document annual review with signature and date

File Tracking

- **Folder Structure:** Customers/DQF/[Customer Name]/[Driver Name]
- **Required Documents Checklist:**
 -  Employment application (§391.21)
 -  MVR (§391.23(a)(2))
 -  Previous employer inquiries (§391.23)
 -  Road test certificate (§391.31)
 -  Medical examiner's certificate (§391.43)
 -  Pre-employment drug test (§382.301)
 -  Annual review (§391.25)
 -  Annual MVR (§391.25(a))

Customer Satisfaction Checkpoints

-  Explain DQF requirements in onboarding call
-  Provide driver-friendly checklist
-  Send automated renewal reminders 60 days before expiration
-  Make files available for roadside inspections

-  Conduct quarterly compliance reviews with customer
-

3. Drug & Alcohol Consortium

Service Fee: \$100.00/year (Jayboi Services) or included in bundles (Jayboi)

Timeline: Immediate enrollment

Objective: Compliance with DOT drug and alcohol testing requirements

Required Documentation from Customer

- ☐ Driver roster with names, DOB, contact info
- ☐ MC/DOT number
- ☐ Designated Employer Representative (DER) contact
- ☐ Company mailing address

Step-by-Step Process

Phase 1: Enrollment (Day 1)

1. Create consortium account for customer
 - Enter company information
 - Assign unique account ID
 - Set up DER login credentials
2. Add drivers to random pool
 - Input driver information accurately
 - Assign driver IDs
 - Set testing pools (DOT-regulated only)
3. Send welcome packet to customer with:
 - DER login information
 - Testing guidelines
 - Collection site locations
 - Emergency contact numbers

Phase 2: Random Selection & Testing

1. Random Selection Process:

- Use FMCSA-approved random selection software
- Maintain 50% annual rate for drugs, 10% for alcohol
- Generate monthly/quarterly random selections

- Ensure truly random, unbiased selections

2. Notification:

- Notify DER of selected drivers immediately
- Send driver notification letter/email
- Testing must occur within designated timeframe
- Document notification date and time

3. Collection:

- Direct driver to nearest collection site
- Provide collection site with CCF (chain of custody form)
- Ensure proper specimen collection procedures
- Verify collector is DOT-certified

Phase 3: Other Testing Types

1. Pre-Employment Testing:

- Schedule upon customer request
- Verify negative result before driver operates
- File results in DQF

2. Post-Accident Testing:

- Must occur within 8 hours for alcohol, 32 hours for drugs
- Required for: Fatality, citation following accident
- Provide immediate testing authorization

3. Reasonable Suspicion Testing:

- Based on trained supervisor observation
- Document specific, contemporaneous behaviors
- Test immediately for alcohol, as soon as possible for drugs

4. Return-to-Duty & Follow-Up:

- After violation and SAP completion
- Minimum 6 follow-up tests over 12 months
- Coordinate with Substance Abuse Professional (SAP)

Phase 4: Results Management & Reporting

1. Receive test results from MRO (Medical Review Officer)
2. Notify DER within 24 hours
3. For positive results:
 - Inform DER of immediate removal from safety-sensitive duties
 - Provide SAP referral information
 - Document violation in clearinghouse
4. Maintain 5-year record retention

5. Submit annual FMCSA summary reports

File Tracking

- **Folder Structure:** Customers/Consortium/[Customer Name]/[Year]
- **Documents to Maintain:**
 - Enrollment forms
 - DER authorization
 - Random selection records
 - Test authorization forms
 - Lab results (negative only, MRO maintains positives)
 - Clearinghouse registration
 - Annual summary reports

Customer Satisfaction Checkpoints

- ☒ Provide DER with 24/7 emergency testing hotline
 - ☒ Send monthly testing compliance reports
 - ☒ Offer DER training on regulations
 - ☒ Respond to testing requests within 30 minutes
 - ☒ Maintain network of convenient collection sites
-

4. UCR Annual Registration

Service Fee: Starts at \$170.00 (varies by fleet size)

Timeline: Same-day processing

Objective: Register with Unified Carrier Registration system

Filing Portal: <https://www.ucr.gov> (redirects to state-specific portals)

Required Documentation from Customer

- ☐ MC/DOT number (or USDOT number)
- ☐ Total number of commercial vehicles operated
- ☐ State of base registration (where vehicles are registered)
- ☐ Legal business name
- ☐ Business contact information (address, phone, email)
- ☐ Credit/debit card for payment

Understanding UCR

What is UCR?

- Unified Carrier Registration replaced the Single State Registration System (SSRS)
- Required for interstate motor carriers, brokers, freight forwarders, and leasing companies
- Registration year runs January 1 - December 31
- Based on fleet size, not revenue

Who needs UCR?

- Any carrier operating commercial vehicles in interstate commerce
- Brokers and freight forwarders
- Leasing companies of commercial vehicles

Exemptions:

- Intrastate-only carriers (stay within one state)
- Government-owned vehicles
- Recreational vehicles

Step-by-Step Process

Phase 1: Registration Preparation (Same Day)

1. Verify customer's MC/DOT number in SAFER

- Visit: <https://safer.fmcsa.dot.gov>
- Enter USDOT number or MC number
- Verify: Legal name, address, operating status
- Confirm interstate authority (if intrastate only, UCR not required)
- Screenshot for your records

2. Determine UCR fleet size bracket

2026 UCR Fee Structure:

- **0-2 vehicles:** \$76 per year
- **3-5 vehicles:** \$230 per year
- **6-20 vehicles:** \$691 per year
- **21-100 vehicles:** \$3,459 per year
- **101-1,000 vehicles:** \$20,955 per year
- **1,001-2,000 vehicles:** \$64,165 per year
- **2,001-5,000 vehicles:** \$67,624 per year

- **5,001-10,000 vehicles:** \$71,084 per year
- **10,001+ vehicles:** \$74,543 per year

Important: Ask customer for TOTAL fleet count, including:

- Owned trucks
- Leased trucks
- Trailers (some states count trailers)
- All commercial vehicles in operation

Verify bracket:

- Count carefully - wrong bracket = wrong fee = rejected application
- If on the edge (e.g., 5 vs 6 vehicles), ask customer to confirm exact count
- Document fleet count in customer file

3. Calculate correct filing fee based on bracket

- Your service fee + UCR government fee
- Example: 3 vehicles = \$230 UCR fee + \$170 service fee = \$400 total to customer
- Prepare invoice for customer

4. Confirm state of base registration

- This is where vehicles are registered (license plates)
- Usually customer's home state
- Determines which state UCR portal to use
- Each state has its own online filing system

Phase 2: Filing (Same Day)

STATE-SPECIFIC UCR PORTALS:

Each state has its own portal. Access via: https://www.ucr.gov/getting_started/state_contacts.php

Common State Portals:

- **California:** <https://www.california-ucr.org>
- **Texas:** <https://www.texas-ucr.org>
- **Florida:** <https://www.flhsmv.gov/ucr>
- **Ohio:** <https://ohiocr.com>
- **Indiana:** <https://indiana-ucr.org>
- **Illinois:** <https://illinois-ucr.org>

- **Pennsylvania:** <https://pennsylvania-ucr.org>
- **Georgia:** <https://georgia-ucr.org>
- **North Carolina:** <https://northcarolina-ucr.org>
- **Michigan:** <https://michigan-ucr.org>

General Filing Process (varies slightly by state):

1. Access your state's UCR online registration portal

- Find your state at: <https://www.ucr.gov>
- Click on your state from the list
- Click "Register" or "Create Account" (first-time filers)

2. Create account (if first time)

- Enter USDOT number
- Enter business information
- Create username (business email recommended)
- Create password
- Answer security questions
- Verify email address
- Log in

3. Start new UCR registration

- Click "New Registration" or "Renew UCR"
- Select registration year (e.g., 2026)
- Confirm you're a motor carrier (not broker/forwarder unless applicable)

4. Enter carrier information:

- **USDOT number** (auto-population may occur)
- **Legal business name** (must match FMCSA exactly)
- **DBA** (if applicable)
- **Business address**
- **Mailing address** (if different)
- **Contact name**
- **Phone number**
- **Email address**
- **Entity type:** Corporation, LLC, Partnership, Sole Proprietor

5. Select entity type:

- Motor Carrier (most common)
- Broker (check if also brokering)
- Freight Forwarder
- Leasing Company
- Note: Can select multiple if applicable

6. Input fleet size:

- Enter total number of commercial vehicles
- System will automatically calculate fee bracket
- **Double-check the bracket shows correctly**
- Example: Enter "4 vehicles" → Should show "\$230" fee

7. Review information for accuracy:

- Go through every field
- Check for typos in:
 - USDOT number
 - Business name
 - Contact information
 - Fleet size
- Verify fee amount is correct
- Make corrections before proceeding

8. Process payment:

- **Payment methods accepted:**
 - Credit card (Visa, MasterCard, Discover, AmEx)
 - Debit card
 - Electronic check/ACH (some states)
- **Enter payment information:**
 - Card number
 - Expiration date
 - CVV code
 - Billing zip code
- **Submit payment**
- **Wait for payment confirmation** (don't close browser)

9. Submit registration:

- Review final summary screen
- Check for any errors or warnings
- Click "Submit Registration" or "Complete"
- **IMPORTANT:** Don't close browser until you see confirmation

Phase 3: Confirmation & Delivery (Same Day)

1. Download UCR registration receipt

- Immediately after submission, download appears
- Click "Download Receipt" or "Print Proof"
- Save PDF with filename: [Customer Name]_UCR_Receipt_2026.pdf
- Also click "Print" and save as backup PDF

- **This is the OFFICIAL proof of registration**

2. Verify registration in UCR database

- Within state portal, click "Search" or "Verify Registration"
- Enter USDOT number
- Confirm status shows:
 - "Active" or "Registered"
 - Correct registration year (2026)
 - Correct fleet size bracket
 - Payment confirmed
- Screenshot verification screen
- Save to customer folder

3. Email proof of registration to customer (within 1 hour)

- Subject: "Your 2026 UCR Registration is COMPLETE - [Customer Name]"
- Email body:

Hi [Customer Name],

Great news! Your 2026 UCR registration is complete and active.

Registration Details:

- USDOT Number: [number]
- Registration Year: 2026
- Fleet Size Bracket: [X-X vehicles]
- Registration Fee Paid: \$[amount]

IMPORTANT: Keep the attached UCR receipt in your vehicle at all times.
You may be asked to present this during roadside inspections.

Your UCR registration is valid through December 31, 2026.
We'll remind you when it's time to renew.

Questions? Reply to this email or call [your phone].

Best regards,
[Your name]

- Attach: UCR receipt PDF
- BCC yourself for records

4. Save copy in customer file

- Create folder if needed: Customers/UCR/2026/[Customer Name]/

- Save documents:
 - UCR receipt PDF
 - Payment confirmation
 - Verification screenshot
 - Email sent to customer
- Update master tracking spreadsheet:
 - Status: "Complete"
 - Completion date: [today]
 - Registration year: 2026
 - Fee bracket: [X-X vehicles]
 - Next renewal: December 31, 2026

5. **Set reminder for renewal** (annually on December 31)

- Add to calendar: "UCR Renewal - [Customer Name]"
- Set reminder date: **November 1, 2026**
- Gives 2 months to renew before December 31 deadline
- Include in reminder:
 - Customer name
 - Current fleet size
 - Email/phone to contact
- Also add to customer anniversary file for proactive outreach

File Tracking

- **Folder Structure:** Customers/UCR/[Year]/[Customer Name]
- **Documents to Maintain:**
 - UCR application
 - Payment receipt
 - Proof of registration
 - Email confirmation to customer

Customer Satisfaction Checkpoints

-  Complete same-day processing as promised
-  Send receipt within 2 hours
-  Explain what UCR covers
-  Send renewal reminder in November
-  Verify carrier has receipt for roadside inspections

5. 2290 Filing

Service Fee: Varies by provider (\$69.99-\$100 + IRS fees)

Timeline: Same-day Schedule 1 proof

Objective: File IRS Heavy Vehicle Use Tax (HVUT)

IRS E-File Portals: Multiple approved providers (see below)

Required Documentation from Customer

- ☐ EIN (Employer Identification Number) - 9 digits
- ☐ Legal business name (must match IRS records)
- ☐ Business mailing address
- ☐ VIN (Vehicle Identification Number) for each vehicle - 17 characters
- ☐ First use month (when vehicle first used on public highways)
- ☐ Taxable gross weight of vehicle
- ☐ Previous 2290 Schedule 1 (if VIN correction or weight increase)
- ☐ Credit/debit card for IRS payment

Understanding Form 2290

What is Form 2290?

- Heavy Vehicle Use Tax (HVUT) - annual federal tax
- Required for vehicles 55,000 lbs or more gross weight
- Tax year runs July 1 - June 30
- Must file by last day of month following first use month

When to file:

- **Annual Filing:** By August 31 for vehicles used in July
- **First Use:** By last day of month following first use
- **Weight Increase:** When increasing to higher tax bracket
- **VIN Correction:** Anytime to correct prior filing error

Who must file:

- Owner or operator of highway motor vehicle 55,000+ lbs
- Vehicle registered or required to be registered in owner's name
- Includes trucks, truck tractors, b uses

Exemptions:

- Vehicles under 55,000 lbs
- Suspended vehicles (less than 5,000 miles/7,500 for agricultural)
- Government vehicles
- Certain non-highway vehicles

IRS-Approved E-File Providers

WHERE TO FILE - Choose one approved provider:

Option 1: ExpressHTUT - <https://www.expresshvut.com>

- Cost: ~\$7-10 per vehicle
- Fastest processing
- Schedule 1 within minutes

Option 2: EasyForm2290 - <https://www.easyform2290.com>

- Cost: \$69.99-89.99
- User-friendly interface
- Bulk filing available

Option 3: TaxExcise.com - <https://www.taxexcise.com> -Cost: \$7.90+ per vehicle

- Professional features
- Multi-VIN support

Option 4: Form2290.com - <https://www.form2290.com>

- Cost: Starting at \$9.90
- Quick filing

Option 5: IRS Official (Free for 25+ vehicles) - <https://www.irs.gov/e-file-providers/list-of-available-form-2290-software-products>

- Free if filing 25 or more vehicles
- Requires IRS e-Services registration
- More complex setup

Recommendation: Use ExpressHTUT or EasyForm2290 for simplicity and speed

2290 Tax Tables (2026 Tax Year)

Tax Due by Weight Category:

Taxable Gross Weight	Annual Tax	Prorated (per month remaining)
55,000 lbs	\$100	~\$8.33/month
56,000 - 57,000 lbs	\$222	~\$18.50/month
58,000 - 59,000 lbs	\$312	~\$26/month
60,000 - 62,000 lbs	\$550	~\$45.83/month
63,000 - 65,000 lbs	\$600	~\$50/month
66,000 - 68,000 lbs	\$650	~\$54.17/month
69,000 - 73,000 lbs	\$700	~\$58.33/month
74,000 - 76,000 lbs	\$750	~\$62.50/month
77,000 - 80,000 lbs	\$800	~\$66.67/month

Proration Formula:

- Tax due = (Annual tax ÷ 12) × Number of months remaining in tax year
- Tax year: July - June
- Example: First use in January = 6 months remaining = 50% of annual tax

Step-by-Step Process

Phase 1: Information Gathering (Day 1)

1. Create 2290 filing folder:

- Format: [Customer Name] – 2290 – Tax Year [YYYY]
- Example: ABC Trucking – 2290 – Tax Year 2026
- Create subfolders: Vehicle Info, Filed Returns, Schedule 1 Proofs

2. Collect vehicle information (for each vehicle):

A. VIN (Vehicle Identification Number):

- Must be exactly 17 characters
- No spaces, letters/numbers only
- Common errors to avoid:
 - Letter "O" vs number "0"
 - Letter "I" vs number "1"
 - Leaving out characters
- **How to verify VIN:**
 - Check vehicle registration
 - Look at driver's side dashboard (visible through windshield)
 - Check driver's door jamb sticker
 - Verify with customer: Read VIN aloud, spell it back
- Document: VIN: 1HGBH41JXMN109186 (example)

B. Taxable Gross Weight:

- This is the TOTAL weight the vehicle is registered to carry
- Includes: Vehicle + cargo + fuel + passengers
- **Where to find:**
 - Vehicle registration (GVWR or GVW)
 - Manufacturer's weight rating
 - State DMV registration
- Round UP to higher tax bracket if unsure
- Document: Gross Weight: 80,000 lbs

C. First Use Month:

- Month vehicle was FIRST used on public highways at taxable weight
- For annual renewal: July (most common)
- For new vehicle: Month purchased and first driven
- For weight increase: Month weight increased
- **Critical:** Must file by last day of month FOLLOWING first use
 - First use in July → File by August 31
 - First use in January → File by February 28/29
- Document: First Use: July 2025

3. Determine filing category:

Category A: New Vehicle First Use

- Brand new vehicle being registered
- File when: First used on highway

- Deadline: Last day of month following first use
- Tax: Prorated from first use month through June

Category B: Annual Renewal

- Vehicle was used in prior tax year
- First use month: July
- Deadline: August 31
- Tax: Full annual amount (July-June)

Category C: Increase in Taxable Gross Weight

- Vehicle weight rating increased during tax year
- Moved to higher tax bracket
- File supplemental return
- Tax: Difference between old and new tax bracket, prorated

Category D: VIN Correction

- Error on previously filed 2290
- Wrong VIN entered
- No additional tax due (usually)
- Need original Schedule 1 for reference

4. Create vehicle information spreadsheet:

Headers: VIN | Gross Weight | Tax Bracket | First Use Month | Tax Due | Category

Example:

```
1HGBH41JXMN109186 | 80,000 | $800 | July 2025 | $800 | Annual Renewal
2FTRX17W53CA12345 | 65,000 | $600 | January 2026 | $300 | First Use (6 months)
```

Save as: [Customer Name]_2290_Vehicle_List_2026.xlsx

Phase 2: Tax Calculation & Preparation (Day 1)

1. Calculate tax due for each vehicle:

For Annual Renewal (July first use):

- Tax = Full annual amount from tax table
- Example: 80,000 lbs = \$800

For Mid-Year First Use:

- Determine months remaining in tax year (through June)
- Tax = (Annual tax ÷ 12) × months remaining
- Example: First use January, 80,000 lbs:
 - Months remaining: Jan, Feb, Mar, Apr, May, Jun = 6 months
 - Tax = (\$800 ÷ 12) × 6 = \$400

For Weight Increase:

- Find tax for OLD weight bracket
- Find tax for NEW weight bracket
- Difference = New - Old
- Prorate difference for months remaining
- Example: Increased from 65,000 to 80,000 in March:
 - Old bracket: \$600/year
 - New bracket: \$800/year
 - Difference: \$200
 - Months remaining (Mar-Jun): 4 months
 - Additional tax: (\$200 ÷ 12) × 4 = \$66.67

For Suspended Vehicle:

- Logging under 5,000 miles (7,500 for agricultural)
- Tax: \$0 (but must file to claim suspension)
- **Must keep mileage log!**
- If exceeds threshold mid-year, must file additional return

2. Access IRS E-File Portal (using ExpressHTUT as example)

- Navigate to: <https://www.expresshvut.com>
- Click "File Form 2290"
- Create account (if first time):
 - Enter email address
 - Create password
 - Verify email
- Log in to account

3. Prepare Form 2290 in E-File System:**Part I: Taxpayer Information**

Step 1: Enter EIN

- Type carefully: XX-XXXXXXX format
- Verify against IRS documentation
- System may auto-populate business name if EIN recognized

Step 2: Business Name

- Enter EXACTLY as registered with IRS
- Include LLC, Inc., Corp, etc. as appropriate
- Example: "ABC Trucking, LLC" not "ABC Trucking"

Step 3: Business Address

- Street address (no P.O. boxes for street address)
- City, State, ZIP
- Must match IRS records

Step 4: Mailing Address (if different)

- Can be P.O. Box
- Enter if different from business address

Part II: Vehicle Identification**For each vehicle:****Step 1: Enter VIN**

- Type all 17 characters carefully
- No spaces or dashes
- Double-check each character
- System may validate format

Step 2: Select Taxable Gross Weight Category

- Use dropdown menu
- Select exact weight bracket (e.g., "77,000 - 80,000")
- System will display tax amount

Step 3: Enter First Use Month

- Select from dropdown
- Critical for proration calculation

- System will calculate prorated tax automatically

Step 4: Review calculated tax

- Verify amount matches your calculation
- Check proration if mid-year

Repeat for all vehicles

Part III: Tax Computation

- System calculates automatically
- Review total tax due
- Verify count of vehicles
- Check total matches sum of individual vehicles

Part IV: Suspended Vehicle Declaration (if applicable)

- Check box for suspended vehicles
- Confirm mileage will be under 5,000 (7,500 ag)
- Aware of requirement to file additional return if exceeds

4. Review for accuracy (CRITICAL):

Double-check every field:

- ☐ EIN format and digits correct
- ☐ Business name spelled exactly as IRS records
- ☐ Address correct and complete
- ☐ Each VIN is exactly 17 characters
- ☐ No VINs duplicated
- ☐ Weight categories correct (verify with registration)
- ☐ First use month accurate
- ☐ Prorated tax calculated correctly
- ☐ Total tax due is accurate
- ☐ Number of vehicles correct

Common errors to avoid:

- Transposed VIN digits
- Wrong weight bracket (one category off)
- Wrong first use month
- Duplicate VIN entry

- EIN typo

Fix any errors NOW - corrections after submission cost money and time

Phase 3: Electronic Filing & Payment (Day 1)

1. Review final summary screen

- E-file system shows all vehicles and total tax
- Verify one last time
- Print summary for your records (save as PDF)

2. Enter payment information

IRS Accepts:

- Credit card (Visa, MC, Discover, AmEx)
- Debit card
- Electronic Funds Withdrawal (EFW) from bank account

Payment Processor Note:

- IRS uses third-party processors who charge ~2% fee for credit cards
- Example: \$800 tax + \$16 processing fee = \$816 total
- Bank account (EFW) usually has no processing fee

Enter payment details:

- Card/account number
- Expiration date (if card)
- CVV code (if card)
- Billing zip code
- Routing and account number (if bank account)

Authorize payment:

- Review total: IRS tax + IRS processing fee + E-file provider fee
- Check box to authorize withdrawal
- Enter any verification codes

3. Submit Form 2290

- Click "Submit to IRS" or "File Now"
- **DO NOT CLOSE BROWSER**

- Wait for processing (usually 30 seconds to 2 minutes)
- System transmits to IRS electronically

4. Obtain IRS electronic filing confirmation

- Look for "Accepted" status
- IRS sends electronic acknowledgment
- Confirmation screen appears
- **Save confirmation number** - write it down immediately
- Example: "IRS Confirmation: 2026-123456789-HVUT-ACCEPTED"

5. Download Schedule 1 (Stamped Proof of Payment)

Within minutes (usually immediately):

- E-file system processes IRS acceptance
- Generates Schedule 1 with IRS watermark/stamp
- **This is the OFFICIAL proof of tax paid**

Download process:

- Click "Download Schedule 1" or "Get Stamped Proof"
- PDF downloads - **Save immediately:**
 - Filename: [Customer Name]_Schedule1_TaxYear2026_[VIN].pdf
 - For multiple vehicles: One Schedule 1 may cover all, or separate per vehicle
- Print to have paper backup
- **Critical:** This must be kept in vehicle at all times

Verify Schedule 1 shows:

- IRS received watermark/stamp
- Correct EIN
- Correct VIN(s)
- Correct weight category
- Tax amount paid
- Tax period covered
- "Filed" or "Accepted" status

Phase 4: Delivery & Record Keeping (Day 1)

1. Email Schedule 1 to customer immediately (within 1 hour of filing)

Subject: "Your 2290 Schedule 1 is READY - [Customer Name]"

Email body:

Hi [Customer Name],

Great news! Your Form 2290 has been filed and accepted by the IRS.

Filing Details:

- Tax Year: 2026 (July 2025 – June 2026)
- EIN: [XX-XXXXXXX]
- Number of Vehicles: [X]
- Total Tax Paid: \$[amount]
- IRS Confirmation: [confirmation number]

IMPORTANT – Schedule 1 Requirements:

1. **KEEP IN VEHICLE:** The attached Schedule 1 must be kept in each vehicle at all times. You may be asked for it during inspections.
2. **DMV REGISTRATION:** Present Schedule 1 to DMV when registering or renewing vehicle registration. They will not issue plates without it.
3. **RETAIN FOR 3 YEARS:** Keep copies for at least 3 years per IRS requirements.

Attached: Schedule 1 (IRS-stamped proof of payment)

Next Steps:

- Print Schedule 1 and place in each vehicle
- Take Schedule 1 to DMV for vehicle registration
- Mark calendar for next year's renewal (file by August 31, 2026)

Questions? Reply to this email or call [your phone].

Best regards,
[Your name]

Attachments:

- Schedule 1 PDF (stamped)
- Invoice/receipt for your services

2. Explain Schedule 1 must be:**A. Kept in vehicle at all times**

- Place in glove box or registration holder
- DOT inspectors may request it

- Roadside inspections require proof
- **No Schedule 1 = potential fine/citation**

B. Presented to DMV for registration

- Required to get state license plates
- DMV verifies tax paid before issuing registration
- Without it, vehicle cannot be registered
- Some states: DMV files electronically with IRS to verify

C. Retained for 3 years

- IRS record retention requirement
- Keep with business tax records
- May be needed for audits
- Proof of compliance

3. Save filing in customer folder

Organize files:

Customers/2290/Tax_Year_2026/ABC_Trucking/

- |— Vehicle_List_2026.xlsx
- |— Filed_Form_2290.pdf
- |— Schedule_1_VIN_XXXXX.pdf
- |— Payment_Receipt.pdf
- |— IRS_Confirmation.pdf
- |— Email_to_Customer.pdf

Update tracking spreadsheet:

- Customer name
- Filing date
- Tax year
- Number of vehicles
- Total tax paid
- IRS confirmation number
- Schedule 1 delivered: Yes/No
- Next renewal date

4. Set reminder for next year's filing

- Add to calendar: "2290 Renewal - [Customer Name]"
- Set reminder: **July 1, 2026**

- Gives full month to file before August 31 deadline
- Include in reminder:
 - Customer contact info
 - Number of vehicles
 - Prior year tax amount
- Proactively reach out in early July to prepare

Special Cases

VIN Corrections:

1. File amended Form 2290
2. Reference original Schedule 1
3. Provide corrected VIN
4. No additional tax due if within same period

Weight Increases:

1. File supplemental Form 2290
2. Calculate additional tax:
 - New weight category minus old category
 - Prorated for months remaining
3. Obtain new Schedule 1 showing updated weight

Suspended Vehicles:

1. Verify logging requirement (must log miles)
2. File with suspended vehicle designation
3. If exceeds 5,000 miles, file additional return

File Tracking

- **Folder Structure:** Customers/2290/[Tax Year]/[Customer Name]
- **Documents to Maintain:**
 - Completed Form 2290
 - IRS e-file confirmation
 - Schedule 1 (stamped proof)
 - Payment receipt
 - Customer correspondence

Customer Satisfaction Checkpoints

- ☒ Deliver Schedule 1 same day
 - ☒ Explain DMV registration requirements
 - ☒ Remind about retaining Schedule 1 in vehicle
 - ☒ Send July renewal reminder (annual filers)
 - ☒ Offer multi-year planning for fleet additions
-

Jayboi Services LLC

6. Dispatching Services

Service Fee: 8-10% of gross revenue

Timeline: Ongoing daily operations

Objective: Secure profitable loads, manage routes, support drivers, handle invoicing

Required Documentation from Customer

- ☐ MC/DOT authority
- ☐ Insurance certificates
- ☐ Driver information and qualifications
- ☐ Equipment list (trucks, trailers, capacity)
- ☐ Preferred lanes and regions
- ☐ Rate expectations
- ☐ Banking information for factoring/payments

Step-by-Step Process

Phase 1: Onboarding (Week 1)

1. Create carrier profile:
 - Verify active operating authority
 - Confirm insurance coverage
 - Document equipment specifications
 - Identify preferred freight types
2. Set up load board accounts:
 - DAT
 - Truckstop
 - 123Loadboard
 - Direct shipper relationships

3. Establish communication protocols:
 - Driver contact preferences
 - Availability reporting system
 - Emergency contact procedures
4. Integrate with TMS (Transportation Management System)

Phase 2: Daily Dispatch Operations

Morning Routine (6:00 AM - 9:00 AM):

1. Review driver availability and locations
2. Check Hours of Service (HOS) for each driver
3. Identify drivers needing loads:
 - Currently unloaded
 - Completing delivery soon
 - Returning from home time
4. Note geographic positioning for load matching

Load Board Searches (9:00 AM - 12:00 PM):

1. Search load boards based on:
 - Driver current location or destination
 - Equipment type and availability
 - Rate targets (minimum acceptable RPM)
 - Delivery windows compatible with HOS
2. Evaluate loads for:
 - **Loaded miles:** Distance from pickup to delivery
 - **Deadhead miles:** Distance to reach pickup
 - **True RPM:** Total revenue ÷ (loaded miles + deadhead miles)
 - **Broker/shipper reliability:** Payment history, ratings
3. Create load opportunities list

Rate Negotiation (Throughout Day):

1. Call broker with load information ready
2. Negotiate rate:
 - Start with target rate (e.g., \$2.50/mile all-in)
 - Justify based on: fuel costs, market rates, driver availability
 - Know walk-away number
3. Clarify load details:
 - Pickup/delivery appointments vs. windows

- Special requirements (tarps, straps, hazmat)
 - Layover or detention pay policies
 - TONU (Truck Ordered Not Used) compensation
4. Obtain rate confirmation (RC):
 - Email or load board confirmation
 - Verify pickup #, delivery #, commodity, weight
 - Save RC to load file

Load Assignment (After Booking):

1. Contact driver with load opportunity
2. Provide load details:
 - Pickup location, date/time
 - Delivery location, date/time
 - Rate and additional pay (detention, etc.)
 - Special instructions
3. Obtain driver acceptance
4. Send load confirmation to driver via email/app
5. Update TMS with load information

Route Planning:

1. Use route planning software (PC*Miler, Google Maps)
2. Identify optimal route considering:
 - Fuel stops (plan around cheapest fuel states)
 - Rest areas for 10-hour breaks
 - Weigh stations
 - Truck-restricted routes
 - Weather conditions
3. Share route plan with driver
4. Estimate delivery time based on HOS

Phase 3: In-Transit Management

Driver Check-Ins:

1. Pickup confirmation:
 - Verify loaded and departed
 - Obtain BOL (Bill of Lading) number
 - Confirm actual weight if relevant
2. En-route updates:

- Check-in frequency based on load urgency
- Monitor ETA to delivery
- Address issues: weather delays, breakdowns, HOS limitations

3. Delivery confirmation:

- Verify delivered and signed BOL
- Obtain POD (Proof of Delivery) via photo/scan
- Note any detention time

Problem Resolution:

- **Delays:** Communicate proactively with broker, negotiate detention pay
- **Breakdowns:** Arrange repairs, find backup driver/equipment if needed
- **Load Issues:** Document damages, weight discrepancies, or refused freight
- **HOS Violations Prevention:** Monitor hours, plan breaks before violations

Phase 4: Invoicing & Collections

Invoice Preparation (Day of Delivery or Next Day):

1. Gather required documents:

- Rate Confirmation
- Signed Bill of Lading
- Proof of Delivery (POD)
- Lumper receipts (if applicable)
- Scale tickets (if applicable)

2. Create invoice with:

- Carrier information
- Broker/shipper remit-to information
- Load details (pickup, delivery, commodity)
- Line items: base rate, fuel surcharge, accessororial charges
- Payment terms (QuickPay, standard net 30)

3. Verify invoice matches rate confirmation exactly

Invoice Submission:

1. Submit via broker's preferred method:

- Email to AP (Accounts Payable)
- TMS portal upload
- Factoring company direct submission

2. Retain copy in load file

3. Track submission in master invoice log

Collections & Follow-Up:

1. Monitor payment status:
 - QuickPay: 24-48 hours
 - Standard terms: 30 days
2. Follow up on past-due invoices:
 - Day 31: Courtesy reminder email
 - Day 45: Phone call to AP department
 - Day 60: Escalate to broker management or factor
3. Document all collection attempts
4. Flag slow-paying brokers in system

File Tracking

- **Folder Structure:** Customers/Dispatch/[Customer Name]/[Year]/[Month]
- **Per-Load Files:**
 - Rate confirmation
 - BOL (Bill of Lading)
 - POD (Proof of Delivery)
 - Invoice copy
 - Payment receipt
 - Communication log
- **Master Tracking:**
 - Load log spreadsheet (load #, dates, rates, status)
 - Invoice aging report
 - Driver availability calendar

Customer Satisfaction Checkpoints

-  Book loads that meet or exceed rate targets
-  Minimize deadhead miles (under 10% ideal)
-  Provide same-day load assignments
-  Respond to driver calls within 15 minutes
-  Submit invoices within 24 hours of delivery
-  Provide weekly performance reports:
 - Total miles driven
 - Revenue generated
 - Average RPM
 - On-time delivery percentage

Key Performance Metrics

- **Loaded Miles Percentage:** Loaded miles ÷ Total miles (target: >85%)
 - **Average RPM:** Total revenue ÷ Total miles (target: \$2.00-\$3.00/mile all-in)
 - **Utilization Rate:** % of available days with loaded miles (target: >90%)
 - **On-Time Delivery:** % of loads delivered on time (target: 98%+)
-

7. 2290 Filings (Jayboi)

Service Offerings:

- Annual HVUT Filing: \$69.99 + IRS fees
- Same-Day Proof (Schedule 1): \$100.00 + IRS fees
- VIN Corrections: \$100.00
- Weight Increase Filings: \$100.00

This service follows the same procedures as outlined in [Section 5: 2290 Filing](#) above, with pricing specific to Jayboi Services LLC.

Additional Jayboi Offerings:

- Expedited same-day Schedule 1 delivery
 - Fleet management for multiple vehicles
 - Annual renewal reminders and proactive filing
-

8. Compliance & Authority Services

Jayboi Services LLC offers a comprehensive suite of compliance services. Many follow procedures similar to Jayboi Services but with different pricing structures.

Services Offered

MC/DOT Authority Setup

- **Fee:** \$900.00 + FMCSA fees
- See [Section 1: MC/DOT Authority Setup](#)

Drug & Alcohol Consortium

- **Fee:** \$100.00/year (standalone) or included in bundles

- See [Section 3: Drug & Alcohol Consortium](#)

Annual UCR

- **Fee:** Starts at \$170.00
- See [Section 4: UCR Annual Registration](#)

BOC-3 Filing

- **Fee:** \$75.00
- **Purpose:** Designate process agents in all states
- **Process:**
 1. Obtain carrier information (MC/DOT #, business details)
 2. Select process agent service provider
 3. Complete BOC-3 form
 4. File electronically with FMCSA
 5. Provide customer with confirmation

MCS-150 Update

- **Fee:** \$150.00
- **Purpose:** Biennial update of carrier information
- **Process:**
 1. Review current carrier information in SAFER
 2. Gather updated information from customer:
 - Fleet size changes
 - Operation type changes
 - Mileage updates
 - Cargo classification updates
 3. Complete MCS-150 update in FMCSA portal
 4. Submit electronically
 5. Provide confirmation to customer
 6. Set reminder for next biennial update

IFTA License & IRP Setup

- **Fee:** \$399.00
- **Purpose:** International Fuel Tax Agreement license and International Registration Plan
- **Process:**
 1. Verify carrier operates in multiple jurisdictions
 2. Determine base jurisdiction

3. IFTA Application:

- Complete state-specific IFTA application
- Provide fleet information
- Calculate estimated quarterly mileage
- Order IFTA decals for each vehicle

4. IRP Registration:

- Apportioned registration for interstate vehicles
- Calculate weight and distance percentages per jurisdiction
- Determine registration fees

5. Set up quarterly IFTA reporting schedule

Non-CDL Compliance Package

- **Fee:** \$40.00/month
- **Includes:**
 - Driver Qualification File maintenance
 - Annual MVR monitoring
 - Medical certificate tracking
 - Compliance updates and alerts

Owner-Operator Bundle

- **Fee:** \$100.00/month
- **Includes:**
 - Driver Qualification File
 - Drug & Alcohol Consortium membership
 - Annual UCR
 - Compliance calendar and reminders
 - Priority support

Driver Qualification File (DQF)

- **Fee:** \$223.00/year
- See [Section 2: Driver Qualification File](#)

Full Back Office Consult

- **Fee:** \$1,500.00
- **Purpose:** Comprehensive compliance audit and setup
- **Process:**
 1. Schedule 2-3 hour consultation call

2. Review all current compliance documents
3. Identify gaps and violations
4. Create compliance roadmap
5. Provide recommendations for:
 - Safety management systems
 - Record retention policies
 - Training programs
 - Audit preparation
6. Deliver written report with action items
7. Offer 90-day follow-up support

General Procedures

9. File Tracking System

A robust file tracking system is essential for managing multiple customers and services efficiently.

Digital File Organization

Top-Level Structure:

```

File Naming Conventions

Standard Format: [Date YYYY-MM-DD] – [Customer Name] – [Service Type] – [Status]

Examples:

- 2026-01-10 – ABC Trucking – MC DOT Setup – In Progress
- 2026-01-10 – XYZ Logistics – DQF John Smith – Complete
- 2026-01-10 – DEF Transport – Load 12345 – POD Received

Status Tracking

Use a master tracking spreadsheet for all services:

Customer Name	Service Type	Start Date	Status	Next Action	Deadline	Assigned To	Notes
ABC Trucking	MC/DOT Setup	2026-01-05	Pending Insurance	Follow up on BMC-91	2026-01-12	John	Waiting on insurance broker

Customer Name	Service Type	Start Date	Status	Next Action	Deadline	Assigned To	Notes
XYZ Logistics	DQF - Driver 1	2026-01-08	Complete	Annual review	2027-01-08	Sarah	File audit ready
DEF Transport	Dispatch Load #501	2026-01-10	In Transit	Delivery check-in	2026-01-11	Mike	ETA 8:00 AM

Status Categories:

- **Initiated:** Customer contacted, information gathering
- **In Progress:** Actively working on service
- **Pending Customer:** Awaiting customer documentation/payment
- **Pending Authority:** Awaiting FMCSA, IRS, or third-party response
- **Complete:** Service delivered, filed, and confirmed
- **Recurring:** Ongoing service requiring regular updates

Document Retention

Retention Periods (Minimum):

- MC/DOT applications: Permanent
- Driver Qualification Files: 3 years after driver termination
- Drug & alcohol testing records: 5 years
- UCR registrations: 3 years
- 2290 filings: 3 years (per IRS requirements)
- Dispatch records: 6 months (freight bills/BOLs)
- Invoices and payment records: 7 years

Backup Procedures:

1. Daily auto-backup to cloud storage (Google Drive, Dropbox, OneDrive)
2. Weekly external hard drive backup
3. Monthly archive of completed files
4. Annual audit of retention compliance

10. Customer Communication Protocols

Effective communication is crucial for customer satisfaction and service quality.

Initial Contact & Onboarding

Within 4 Hours of Inquiry:

1. Send personalized welcome email
 - Thank customer for their interest
 - Confirm service requested
 - Provide next steps
 - Include direct contact information
2. Template example:

Subject: Welcome to [Company Name] – Your [Service] Request

Hi [Customer Name],

Thank you for choosing [Company Name] for your [service] needs! We're excited to help you [achieve goal].

Next Steps:

1. [Action item 1]
2. [Action item 2]
3. [Action item 3]

I've attached a checklist of documents we'll need to get started. Please reply to this email with any questions.

I'm here to support you every step of the way. You can reach me directly at:

📞 [Phone number]

✉️ [Email address]

Looking forward to working with you!

Best regards,
[Your name]

Ongoing Communication

Update Frequency by Service Type:

Service	Update Frequency	Method
MC/DOT Setup	Weekly	Email summary
Driver Qualification Files	Monthly	Compliance report
Drug & Alcohol Testing	As needed + Annual	Email/phone for urgent, annual report
UCR	Upon completion	Email with proof
2290 Filing	Same day	Email with Schedule 1
Dispatching	Daily	Text/app + weekly summary

Communication Channels:

- **Email:** Formal updates, document delivery, non-urgent matters
- **Phone:** Complex explanations, urgent issues, relationship building
- **Text/SMS:** Dispatch updates, time-sensitive alerts
- **Video Call:** Onboarding, complex consultations, annual reviews

Handling Issues & Complaints

Response Protocol:

1. **Acknowledge immediately** (within 1 hour during business hours)
 - "Thank you for bringing this to my attention. I'm looking into it right now."
2. **Investigate thoroughly**
 - Review all documentation
 - Identify root cause
 - Determine resolution options
3. **Respond with solution** (within 4 hours)
 - Explain what happened
 - Outline how you'll fix it

- Provide timeline
- Offer compensation if appropriate (fee reduction, expedited service)

4. Follow up after resolution

- Confirm customer satisfaction
- Document lesson learned
- Update procedures if needed

Escalation Path:

- Frontline staff → Service Manager → Owner/Director
-

11. Quality Assurance Checklist

Use this checklist to ensure every service meets quality standards before delivery.

Pre-Delivery Quality Check

All Services:

- ☐ Customer information spelled correctly (legal name, EIN, address)
- ☐ All required fields completed accurately
- ☐ Documents reviewed for typos and errors
- ☐ Compliance with current regulations verified
- ☐ Files organized in proper folder structure
- ☐ Customer communication documented

MC/DOT Authority Setup:

- ☐ EIN verified with IRS
- ☐ Operating authority classification correct
- ☐ Insurance coverage meets FMCSA minimums
- ☐ BOC-3 filed in all required states
- ☐ SAFER system shows "active" status
- ☐ Customer provided with operating authority grant letter

Driver Qualification Files:

- ☐ All 8 required documents present
- ☐ MVR reviewed for disqualifying violations
- ☐ Employment gaps explained

- ☐ Medical certificate current and examiner certified
- ☐ Drug test negative result on file
- ☐ Annual review reminder set
- ☐ File inspection-ready (organized, complete, accessible)

Drug & Alcohol Consortium:

- ☐ Driver roster accurate and current
- ☐ Random selection percentage meets FMCSA requirements
- ☐ MRO and collection sites certified
- ☐ Clearinghouse queries completed
- ☐ DER trained and contact information current
- ☐ Test results properly documented

UCR Registration:

- ☐ Fleet size bracket correct
- ☐ Filing fee calculated accurately
- ☐ Registration confirmed in UCR system
- ☐ Proof of registration delivered to customer
- ☐ Next year's renewal reminder set

2290 Filing:

- ☐ VINs verified (17 characters, no typos)
- ☐ Weight category correct
- ☐ First use month accurate
- ☐ Tax calculated correctly (proration if mid-year)
- ☐ IRS acceptance received
- ☐ Schedule 1 delivered to customer same day

Dispatch Services:

- ☐ Load meets customer's rate requirements
- ☐ Route optimized for fuel efficiency and HOS compliance
- ☐ Driver confirmed acceptance
- ☐ Rate confirmation matches load details
- ☐ Broker/shipper vetted for payment reliability
- ☐ All required documents collected (RC, BOL, POD)
- ☐ Invoice submitted within 24 hours of delivery
- ☐ Load logged in master tracking spreadsheet

Monthly Quality Audit

Conduct a monthly audit of completed services:

1. Random Sample Review:

- Select 10% of completed files from the month
- Review against quality checklist
- Document any deficiencies
- Retrain staff on common errors

2. Compliance Verification:

- Verify all licenses/certifications current
- Check for regulatory updates
- Update procedures as needed

3. Customer Satisfaction Survey:

- Send survey to recent customers
- Track Net Promoter Score (NPS)
- Review feedback for improvement opportunities

4. Performance Metrics:

- Average turnaround time per service
- First-time accuracy rate
- Customer complaint rate
- Payment collection rate (for dispatch)

Quick Reference Guides

Common Regulatory Deadlines

Deadline	Requirement	Notes
Every 2 years	MCS-150 Update	From date of initial filing or last update
Annually	UCR Registration	Renews December 31
Annually (July)	2290 HVUT Filing	For vehicles first used in July

Deadline	Requirement	Notes
		previous year
Annually	MVR Review	For all drivers
Quarterly	IFTA Reporting	If enrolled in IFTA
50% annually	Random drug testing	DOT requirement
10% annually	Random alcohol testing	DOT requirement
Max 2 years	DOT Physical	Check certificate expiration
30 days	Previous employer inquiry follow-up	DQF requirement
Within 72 hours	Pre-employment drug test	Before driver operates CMV

Training Completion Checklist

To confirm you're ready to process services independently:

Knowledge Assessment

- ☐ I can explain each service offering to a customer
- ☐ I understand the required documentation for each service
- ☐ I know the typical timeline for each service
- ☐ I can navigate FMCSA SAFER system
- ☐ I can navigate IRS e-file system for 2290
- ☐ I can navigate UCR registration portal
- ☐ I understand DOT drug testing requirements
- ☐ I can calculate 2290 tax and proration
- ☐ I understand dispatch operations and load booking
- ☐ I can create and maintain a Driver Qualification File

Practical Skills

- ☐ I have processed a complete MC/DOT application (supervised)
- ☐ I have created a compliant DQF (supervised)
- ☐ I have enrolled a customer in drug consortium (supervised)
- ☐ I have completed a UCR registration (supervised)
- ☐ I have filed a Form 2290 and obtained Schedule 1 (supervised)
- ☐ I have booked a load and managed dispatch (supervised)
- ☐ I can organize files according to the tracking system

- ☐ I can communicate effectively with customers
- ☐ I know how to handle common issues and complaints

Tools & Systems

- ☐ I have access to all necessary portals and accounts
 - ☐ I can use the file tracking system
 - ☐ I can create invoices and track payments
 - ☐ I understand our backup and retention procedures
 - ☐ I know the escalation process for complex issues
-
